

ATS EUROPEAN SERVICE CENTER

Dear valued business partner,

We are proud to announce the creation of our new ATS European Service Center, and the relocation from our current facility in Winnenden, Germany to a new dedicated service facility located in Urbach, Germany.

For the past 10 years, we have proudly served our customer base from our Winnenden site. Now, we are establishing a new modern facility to continue to satisfy the increasing service demands of our customers. We are relocating 15 km from our current location, to Urbach, Germany by November, 1st 2021.

Please note down the address change in your databases.

Current Address	New Address from November 1st, 2021
ATS Automation Tooling Systems GmbH Birkenstrasse 1-7 71364 Winnenden Germany	ATS Automation Tooling Systems GmbH Steinbeisstrasse 8 73660 Urbach Germany

This initiative builds upon our established service capabilities in Europe. It enables the dedicated Winnenden Team to support dynamically our customer needs' and deliver on a growing platform of lifecycle services. **Our new European Service Center allows ATS to seamlessly deliver a growing suite of digitally enabled, lifecycle management services, with the goal of maintaining the highest level of asset performance for our customers.** Further, it will support other ATS Business Units and existing ATS Service Teams at ATS St. Georgen and ATS Munich divisions with an enhanced lifecycle service portfolio including profound expertise of our application, innovation and validation teams.

As a valued customer of ATS, you will experience seamless, uninterrupted support and service during our transition to the new location. Please note that all general terms and conditions, sales and delivery conditions, tax numbers, contact persons, machine portfolios, etc. remain unchanged.

We would like to thank you for your trust and our good business relationship! We are looking forward to speaking with you directly about how you can benefit from our new ATS European Service Center. If you have any questions, please do not hesitate to contact EuropeanServiceCenter@atsautomation.com or simply get in touch with your contact person at ATS.

Yours sincerely,

Stephan Pieper – Director European Service Center
